Zero-touch

IT admins can provision company-owned devices using the zero-touch enrollment method, outlined in Zero-touch enrollment for IT admins. When a device is first turned on, the device is automatically forced into the settings defined by the IT admin.

IT admins can preconfigure devices purchased from authorized resellers and manage them using the Cerberus Enterprise dashboard. To link your Zero-touch account, go to **Zero-touch** section in the dashboard, then follow the instructions.
