

Zero-touch

IT admins can provision company-owned devices using the zero-touch enrollment method, outlined in [Zero-touch enrollment for IT admins](#). When a device is first turned on, the device is automatically forced into the settings defined by the IT admin.

IT admins can preconfigure devices purchased from [authorized resellers](#) and manage them using the Cerberus Enterprise dashboard. To link your Zero-touch account, go to **Zero-touch** section in the dashboard, then follow the instructions.
